

12 Step Online is a safe place for people to find strength, healing and recovery through working the 12 steps as outlined in each 12 Step program.

We help by providing online discussion, meetings, chat, forums and resources aimed around working the 12 steps. Our AA meetings are officially registered with the AA Online Intergroup.

Although in-person 12 Step meetings are always strongly encouraged, we have found that online 12 Step meetings provide the same fellowship and support offered in any other 12 Step meeting and should provide the same results in helping people obtain lasting recovery.
